TOWNSEND PARK

Be sure to go to TOWNSEND PARK for the August meeting on Wednesday August 12. Bring your picnic supper and eat with the group starting at 6:30. The regular meeting will be held at 8:00 P.M. in the shelter house. A surprise program is planned. If you have been doing some interesting collecting this summer, you may want to bring a few bragging rocks to show your fellow collectors.

The Grand Valley Rock Club has invited our members to share with them a field trip to ROGERS CITY on Saturday, September 12. They have permission to visit the quarry between 9 A.M. and 2 P.M. All interested members are asked to sign up with either August Post, Casey Doornbos, or Nina Rozema. They will need a list of those who plan to take this trip before the date of the trip. If you are planning on going, please see that one of us has your name and the number in your party at an early date.

Our congratulations to Dr. Richard Rose on a job well done. The display he worked out for the convention at Muskegon was a good one and added much to that show. Too bad more people didn't take the time to visit the show. It was very well done and well organized. The Muskegon club is to be congratulated.

Several of our members have been on collecting trips this summer. We have asked for articles for the DRIFTER from these people. Look for the first one in the near future. We hope the first article will be by our new Vice-President, James Waldron, and his family. Who will be next? One article we will be looking for will be from Mrs. Dorothy Waterman on her trip to Japan. This will probably appear in the DRIFTER some time after the first of the year. Who will write an article for the October and November issues?

\* \* \* \* \*

Look for the usual full-size DRIFTER in September. Any information for this issue must be in the hands of the editor no later than August 25, as we go to press on the 29th.

Our September meeting will be held at RIDGEVIEW JUNIOR HIGH SCHOOL, 2055 Rosewood, S.E. Rosewood runs east of Kalamazoo Avenue and the school is on the corner of Burton.
