

Volume 9, no 11 ~ JULY 1967

THE GLACIAL DRIFTER

July 12, Wednesday, monthly meeting at Caledonia Lakeside Park. Meet at 6:00 PM rain or shine. Bring your own supper. This will be a ROCK SWAP so bring plenty of swapping material. It sounds like loads of fun. Also bring a map of your favorite hunting area and explain what is found there and some specimens.

July 17, Monday. Board of Control meeting at 8:00 PM at the home of Marie Spielmaker, 4680 Burlingame SW.

July 6-7-8-9 Rock and Gem Show at the L.C. Walker Sports Arena, Muskegon in conjunction with the Seaway Festival.

July 27-30, "Our World Of Stones", Illowa Gem and Mineral Soc. in connection with the Midwest Federation Convention "67", Rock Island, Ill.

July 1st. and 2nd. Saturday and Sunday, Field trip to Pugh Quarry, Ohio. Things to look for are flourite, calcite, and Barite. Meet at the quarry at 10 AM Saturday July 1st. Bring your lunch and plenty of drinking water. Also bring heavy equipment for digging. Driving is allowed right down into the quarry. Its an approximately 200 mile drive.

Directions to get to Pugh Quarry are as follows: Take South 131 to Indiana 20. Left (East) to Angola, Highway 69, right to Kendalville, to highway 6. Left (east) on 6 to Mc Clure. Highway 65 right (south) about 2 miles to a little cross road, sign on telephonepole saying Pugh Quarry. Turn left (east) go approximately 3 or 4 miles. Quarry is on left side of the road.

The field trip to Sylvania was a lot of fun and really interesting. Lots of trilobites and brachiopods were found by those that came. Also plenty of hot sun.

Did anyone on the field trip to Sylvania find a rock hammer and a chisel while hunting in the Medusa Quarry? If so, contact Casey Doornbos.

Remember no lapidary group or mineral study group meetings until september.
